

SL(5)749 – The Environment (Wales) Act 2016 (Amendment of 2050 Emissions Target) Regulations 2021

Background and Purpose

Part 2 of the Environment (Wales) Act 2016 (“the 2016 Act”) requires the Welsh Ministers to put in place statutory emissions reduction targets for reducing emissions of greenhouse gases in Wales.

Section 29 of the 2016 Act requires that the Welsh Ministers ensure that the net Welsh emissions account for the year 2050 is at a specified percentage lower than the baseline.

These Regulations amend section 29 of the 2016 Act by altering the percentage amount in subsection (1). The effect of the amendment is that the minimum percentage by which the net Welsh emissions account for the year 2050 must be lower than the baseline is increased from 80% to 100%.

These Regulations form part of a suite of four instruments that are referred to collectively as the Climate Change (Wales) Regulations 2021.

Procedure

Draft Affirmative.

The Welsh Ministers have laid a draft of the Regulations before the Senedd. The Welsh Ministers cannot make the Regulations unless the Senedd approves the draft Regulations.

Technical Scrutiny

The following point is identified for reporting under Standing Order 21.2 in respect of this instrument:

1. Standing Order 21.2(vi) – that its drafting appears to be defective or it fails to fulfil statutory requirements.

The preamble refers to a draft of the regulations being “laid before and approved by a resolution of *the Senedd Cymru*” [*emphasis added*]. It appears that the inclusion of the definite article is erroneous, as the Government of Wales Act 2006 refers to “Senedd Cymru” throughout, without “the” preceding it.

Merits Scrutiny

No points are identified for reporting under Standing Order 21.3 in respect of this instrument.

Welsh Government response

A Welsh Government response is required.
