

Lesley Griffiths AM  
Cabinet Secretary for Energy, Planning and Rural Affairs

8 October 2018

Dear Lesley

**SL(5)248 – The Food and Rural Affairs (Miscellaneous Revocations) Regulations 2018**

We considered the Food and Rural Affairs (Miscellaneous Revocations) Regulations 2018 at our meeting on 17 September 2018 and subsequently **reported** to the Assembly on 21 September.

You will be aware that we regularly report on instruments that are made in English only. We note the Welsh Government's position on this issue and we are currently liaising with a counterpart committees in the UK Parliament on this issue.

However, it is usual practice that the Explanatory Memorandum will give details or reasoning for why the instrument has been made in English only. I would be grateful if you could explain why there is no information within the Explanatory Memorandum on why this instrument has been made in English only.

I look forward to receiving your response at the earliest opportunity.

Yours sincerely

**Mick Antoniw AM**
