Blaenoriaethau cychwynnol a nodwyd gan y Pwyllgor **Initial priorities identified by the Committee**

Mae'r Pwyllgor wedi nodi nifer o flaenoriaethau posibl ar gyfer ei waith yn ystod y Chweched Senedd, gan gynnwys: iechyd y cyhoedd a gwaith ataliol; y gweithlu iechyd a gofal cymdeithasol, gan gynnwys diwylliant sefydliadol a lles staff; mynediad at wasanaethau iechyd meddwl; arloesi ar sail tystiolaeth ym maes iechyd a gofal cymdeithasol; cymorth a gwasanaethau i ofalwyr di-dâl; mynediad at wasanaethau adsefydlu i'r rhai sydd wedi cael COVID ac i eraill; a mynediad at wasanaethau ar gyfer cyflyrau cronig tymor hir, gan gynnwys cyflyrau cyhyrysgerbydol.

The Committee has identified several potential priorities for work during the Sixth Senedd, including: public health and prevention; the health and social care workforce, including organisational culture and staff wellbeing; access to mental health services; evidence-based innovation in health and social care; support and services for unpaid carers; access to COVID and non-COVID rehabilitation services; and access to services for long-term chronic conditions, including musculoskeletal conditions.

C1. Pa rai o'r materion uchod ydych chi'n credu y dylai'r Pwyllgor roi blaenoriaeth iddynt, a pham?

Q1. Which of the issues listed above do you think should be a priority, and why?

One of the outcomes for review should be those who may only have carers in 15 a day twice a day , and the rest of the time a family member does caring , because some carers do not live with the person they care for , plus looking after the wellbeing of the person they care for over 35 hrs per week , but are not entitled to respite care for the person they care for because they do not live with them . I personally cared for both my parents for 3 years but was not allowed anymore time by the social service care providers other than my half hr per day . Carers who still live with those they care for are allowed 2 weeks respite , it is. No different fir them as for me , as they also have carers going in

Mental health is being put as the forefront today, 3 years no respite, then my dad contracting covid whilst an inpatient in withybush hospital , and having to deal with all that entailed my mental health is not good , and respite might make it easier for others in the future

Blaenoriaethau allweddol ar gyfer y Chweched Senedd

- b) **gofal cymdeithasol a gofalwyr;**

Gwasanaethau iechyd

Health services

Have drs surgeries open until 8pm everynight and at weekends , bring in more drs and nurses to gp centres. People who turn up at A and E triaged immediately and told to go home if not requiring anything urgent , drinks and drug addicts to be kept out of a and e and got to a dedicated sector in the hospitals instead , my dad could not get into a and e 3 years ago with an internal bleed because 2 drunks had robben given beds to sleep it off

Gofal Cymdeithasol a gofalwyr

Social care and carers

More carers under council control in house , decent wage and fuel allowances

Adfer yn dilyn COVID

COVID recovery

Drs back working at surgeries

Unrhyw faterion eraill

Any other issues

C3. A oes unrhyw faterion eraill yr hoffech dynnu sylw'r Pwyllgor atynt?

Q3. Are there any other issues you wish to draw to the Committee's attention?

Make carers and care homes come under NHS or council in house via social services , so that standards are good , places are clean .

Make sure all aspects of health and social care that cleanliness is always to the forefront.
Everyone working in hospitals care homes , carers are vaccinated , no vaccine , no jobs , no benefits !!
