Annex: Request to the Minister for Education and Welsh Language regarding CYPE Draft Budget scrutiny 2022-23

Our approach to scrutiny of the Draft Budget

Our financial scrutiny aims to ensure accountability, promote better decision making and improve value for money. It will follow four key principles, as recommended by the Finance Committee:

- Affordability: to look at the big picture of total revenue and expenditure, and whether these are appropriately balanced.
- Prioritisation: whether the division of allocations between different sectors/programmes is justifiable and coherent.
- Value for money: essentially, are public bodies spending their allocations well – economy, efficiency and effectiveness (i.e.) outcomes.
- Budget processes: are they effective and accessible and whether there is integration between corporate and service planning and performance and financial management.

Cross-cutting areas

Transparency of budget presentation

Throughout the previous Senedd, our predecessor committee emphasised the importance of presenting the Draft Budget transparently to enable full and thorough scrutiny. To continue this approach, we request a transparent narrative explanation (and numeric depiction) of the following:

- reductions/removal or increases/additions relating to specific areas of the Education and Welsh Language Main Expenditure Group (MEG) compared to previous financial years (e.g. grants being reduced or ceasing to exist altogether/being increased or introduced);
- what proportion any such changes to the overall amount previously allocated represent; and
- where exactly this change is being made in the Draft Budget, and whether money will be returned to/taken from central reserves or allocated to/from other budget lines either within or outside the MEG.

Commentary on Actions and detail of Budget Expenditure Line (BEL) allocations

- We request commentary on each of the Actions within the Education and Welsh Language MEG, including an analysis and explanation of significant changes since the 2021-22 First Supplementary Budget (June 2021).
- We also request a breakdown of the 2022-23 and indicative 2023-24 (if available) Education and Welsh Language MEG by Spending Programme Area (if applicable), Action, and Budget Expenditure Line (BEL), with 2021-22 First Supplementary Budget allocations, forecast 2021-22 outturns, and 2020-21 final outturns all included.
- If the Welsh Government uses a revised baseline budget for comparative purposes, we request that the actual 2021-22 First Supplementary Budget allocations are also presented as well as an explanation of the reasons for the re-calculation of the baseline.

- Information on how the Education and Welsh Language MEG aligns with, and is prioritised according to, the Welsh Government's relevant priorities and key objectives, including:
