Dear Sophie

During the Committee's consideration of your response to our predecessor's Report, 'Delivering for Future Generations: The Story so Far', it was noted that you had received a considerable number of requests for support.

Your response of 3 September states:

- Since May 2018, I have received 892 requests for support, 319 of which (~36%) came from public bodies. Of these, 136 (~43% of all public body requests) are from Welsh Government. Requests for support and advice to my office were up by 78% in 2019-20 from 2018-19. This fell by ~19% between 2019-20 and 2020-21 which was likely due to the pandemic. Since this financial year began in April 2021, I have had 128 requests [to date], which is likely to grow as we work more closely with public bodies as per the Committee's recommendations.

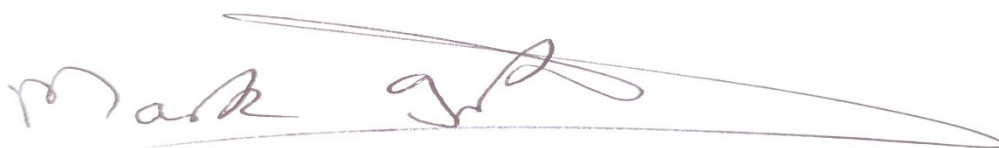

Would it be possible for you to provide me with a breakdown of those individuals that your office has assisted?

Croesewir gohebiaeth yn Gymraeg neu Saesneg.  
We welcome correspondence in Welsh or English.

If so, the Committee would find it interesting to be able to see who are those individuals, groups and organisations are who have asked for support.

Thank you.

Regards,
