Am not going to bother with intros... 36 more members??? At who's cost?? And after been strangled more with this 20mph blanket. We can't cope on behalf of the welsh people because I have ears, we are not happy we are struggling to survive the patronising feel been dictated to... Its all sounds far too much like the start of a bad film, it's definitely going to be a history lesson for someone to learn from just not the current members obviously.

Well done, am no longer proud to be a welshman, absolutely let down by you.
