SCME65 Ymateb gan: | Response from: Michael A. Wood

Hello,

I am very concerned at the proposed increase of members elected to the Senedd. If the UK government can cope with MPs representing 69,473 voters, I struggle to see why Senedd Members seem to want to reduce their population representation from 38,502 voters to 24,064 voters.

The increase will create a salary increase in the region of 60%, I do not have details of the extra salary that Mr. Drakeford and the other members with responsibilities have. There is also the increase in the expenses budget.

The Senedd seem to be able to support their increase but are unable to support the nurses and councils who are struggling to meet salary budgets. The problem with most Public Organisations is that they have too many levels of management and that funds are not reaching the levels where it does some good,

Regards,

Michael A. Wood
