SCME70 Ymateb gan: | Response from: Linda Edger

Hi,

I wish to object to the Senedd Reform Bill, so please take this email as my formal objection as a citizen of Wales.

This Bill is not interested in the needs or wants of the people of Wales, it will just serve to add more members to an already inflated set of ministers, whose sole intent via this means, is to serve themselves.

It will deny us our right to vote for our own choice of individual and will instead foist upon us a controlling dictating party.

Not only that, but it will use even more of the funds that the current Welsh government says is in such short supply. Funds paid for from our taxes, that should be used on areas that benefit the people and citizens of Wales, not on adding more passengers to the gravy train that is the Senedd.

We have already experienced, and are still seeing, the effects of having a dictatorship run our country, a dictatorship that decides our opinions mean nothing, that we are there just to be ignored, oppressed and controlled.

This Bill will only serve to make our involvement in the running of our once great country even less than it is now. We are already living life in a dictatorship, this would take it to a new heinous level.

In case this email has not been clear enough, I reiterate that I wish to object in the strongest terms to this Senedd Reform Bill.

Regards,
Linda Edger
