Hi

I would like to object to this increase in members to the senedd  
In wales we are paying enough for this dictatorship government already

Point 1

Scrapped relief road after paying 120 million tax payers money on consultation

Point 2

Trying to close the A and E departments at the royal Glamorgan hospital not taking in the consequences of the local residents for increased deaths if it went ahead only thankfully a successful campaign by local hero's against it stopped the closure

There would have been thousands of deaths in the Rhondda and surrounding villages because the pandemic hit just after that

But mr drakeford was too busy trying to keep his local Chinese open in llandaff after petitioning for it to stay open at the same time he and Vaughn gethin were trying to close an whole A and E department not in their constituency

I'll tell you what close one in Cardiff now that would be and idea mr drakeford

Point 3

Making a ridiculous decision to make everyone drive at 20 mph

Around schools and hospitals yes but blanket are you kidding

This is NOT about saving lives it's another way to make money out of speeding tickets

Take a look at the fallout that businesses are warning you about crumbling infrastructure through this terrible decision

I can guarantee that labour will loose hundreds of thousands of votes at the next election people are furious but mr drakeford won't care he's off you've misjudged the strength of feelings on this

Point 4

Can anyone tell me what the hell is going on with the Cardiff airport it seems like you the senedd are running it into the ground why are you not attracting business into the country through this lovely airport also potential thousand of visitors holidaying in our beautiful country what type of business people have we in the senedd?but I'll tell you want come by road,oh I forgot you've put a 20 mph blanket around wales the incompetence is breathtaking and the senedd wants to put more AMs in there are you kidding me

As far as I'm concerned the senedd should be scrapped labour are running this country into the ground acting like dictators not taking anything the voters or constituents into consideration and I've always voted labour but no more and I won't be on my own

I know nothing will be done or have the guts to reply with answers to this email

Russ Francis
