SCME384 Ymateb gan: | Response from: Mark Edwards

Dear sir , madam

I write to object to the plans to increase the assembly member numbers as the current members we have do not represent the majority of the people of wales at is is now.

The current members these past few months have demonstrated a total disregard to the people of wales along with the arrogance they display by ignoring a petition which has seen a record number of signatures, and seem to believe the 20mph blanket ban (you say it isn't but it is.. it's clear to everyone apart from you) is working. It isn't. But you choose not to listen to people or businesses with their concerns and having more people like this in the senses would be a disaster To us all... so given all the FACTS I have just pointed out I Object to increasing the number of dictators in the senedd

I've left my Postcode in case you accuse me

If not being from wales. Like a certain somebody has said about the petition. Wales is a disaster and unfortunately at my last conference everyone was laughing at me because I come from wales and the mess you've all made
