**What are your views on the general principles of the Bill and the need for legislation to deliver the Welsh Government's stated policy objective (to make the Senedd a more effective legislature by ensuring it is broadly representative of the gender make-up of the population)?**

Seriously it should be the electorate that decides the candidates and not some WOKE lefty nonsense Right people, right job.

**What are your views on the system of enforcement and potential sanctions for non-compliance proposed in the Bill?**

More nonsense, read previous answer

**Are there any potential barriers to the implementation of the Bill's provisions? If so, what are they, and are they adequately taken into account in the Bill and the accompanying Explanatory Memorandum and Regulatory Impact Assessment?**

Firstly, this should be scrapped.

Secondly, the Senedd should be dissolved.

Thirdly, if its still in place, then 60 MS's of any race, sex, religion, that are here legally for 20 plus years etc. Should be able to stand as a MS.

**Are any unintended consequences likely to arise from the Bill?**

Yes more cost, nonsense and confusion

**What are your views on the Welsh Government's assessment of the financial and other impacts of the Bill?**

Badly composed and typical lefty nonsense

**What are your views on the balance between the information contained on the face of the Bill and what is left to subordinate legislation? Are the powers for Welsh Ministers to make subordinate legislation appropriate?**

Scrap the bill, back to 60 MS if we must endure more fiddling and manipulation of the power in the Senedd.

**Do you have any views on matters relating to the legislative competence of the Senedd including compatibility with the European Convention on Human Rights?**

ECHR should be scrapped.

A UK wide one needs pulling together.

You lot only like to bring up human rights when its suits your hidden agendas.

**Do you have any views on matters related to the quality of the legislation, or to the constitutional or other implications of the Bill?**

**Are there any other issues that you would like to raise about the Bill and the accompanying Explanatory Memorandum or any related matters?**

**Anything else?**
