Ymateb gan Unigolyn | Evidence from Individual

What are your views on the general principles of the Bill and the need for legislation to deliver the Welsh Government's stated policy objective (to make the Senedd a more effective legislature by ensuring it is broadly representative of the gender make-up of the population)?

Gender is irrelevant and a social construct. It needs to refer to sex. Womens seats need to be only for biological women not men larping and adopting 'womanface'

What are your views on the system of enforcement and potential sanctions for non-compliance proposed in the Bill?

Only biological women are women. No one other than biological women should be included

Are there any potential barriers to the implementation of the Bill's provisions? If so, what are they, and are they adequately taken into account in the Bill and the accompanying Explanatory Memorandum and Regulatory Impact Assessment?

The lack of understanding of the difference between sex and gender. Labour's constant pushing of trans ideology into every aspect of policy

Are any unintended consequences likely to arise from the Bill?

The pushing by labour of trans ideology will just mean all male lists

What are your views on the Welsh Government's assessment of the financial and other impacts of the Bill?

What are your views on the balance between the information contained on the face of the Bill and what is left to subordinate legislation? Are the powers for Welsh Ministers to make subordinate legislation appropriate?

Do you have any views on matters relating to the legislative competence of the Senedd including compatibility with the European Convention on Human Rights?

It is incompatible as it allows men to self identify as women. Labour's pushing of trans ideology legitimises men with agp, erases right to same sex attraction and erases women and girls rights and safety.

Yet another money wasting labour vanity project

Do you have any views on matters related to the quality of the legislation, or to the constitutional or other implications of the Bill?

Illegal

Are there any other issues that you would like to raise about the Bill and the accompanying Explanatory Memorandum or any related matters?

Need to specify sex not gender

Needs to make clear human beings cannot change sex

Need to read weather and cass report

Anything else?

Labour need to work out what a woman is and stop betraying them
