**What are your views on the general principles of the Bill and the need for legislation to deliver the Welsh Government's stated policy objective (to make the Senedd a more effective legislature by ensuring it is broadly representative of the gender make-up of the population)?**

I think you are stark raving bonkers. There are men and women and that is it.

**What are your views on the system of enforcement and potential sanctions for non-compliance proposed in the Bill?**

Utterly insane.

**Are there any potential barriers to the implementation of the Bill's provisions? If so, what are they, and are they adequately taken into account in the Bill and the accompanying Explanatory Memorandum and Regulatory Impact Assessment?**

Common sense.

**Are any unintended consequences likely to arise from the Bill?**

Possible admittance to a mental institution for anyone who believes in any of this nonsense

**What are your views on the Welsh Government's assessment of the financial and other impacts of the Bill?**

Welsh government needs to be disbanded

**What are your views on the balance between the information contained on the face of the Bill and what is left to subordinate legislation? Are the powers for Welsh Ministers to make subordinate legislation appropriate?**

Welsh government have repeatedly demonstrated they should not have the powers to make laws

**Do you have any views on matters relating to the legislative competence of the Senedd including compatibility with the European Convention on Human Rights?**

Welsh government should not be able to make laws

**Do you have any views on matters related to the quality of the legislation, or to the constitutional or other implications of the Bill?**

Yes. It's lunacy.

**Are there any other issues that you would like to raise about the Bill and the accompanying Explanatory Memorandum or any related matters?**

I think I've said it all.

**Anything else?**

Yes, what's the point of these "consultations" when you just ignore what the responses say?
