Ymateb gan Unigolyn | Evidence from Individual

What are your views on the general principles of the Bill and the need for legislation to deliver the Welsh Government's stated policy objective (to make the Senedd a more effective legislature by ensuring it is broadly representative of the gender make-up of the population)?

I am supportive of politics being more representative of the population, however this should be based on sex not gender. Gender is meaningless. Sex is reality.

What are your views on the system of enforcement and potential sanctions for non-compliance proposed in the Bill?

Only the sex stated on an individuals birth certificate should count. Self id as a woman is unfair and takes opportunities away from actual women (adult human females).

Are there any potential barriers to the implementation of the Bill's provisions? If so, what are they, and are they adequately taken into account in the Bill and the accompanying Explanatory Memorandum and Regulatory Impact Assessment?

N/a

Are any unintended consequences likely to arise from the Bill?

Men identifying as women to get on the ballot.

What are your views on the Welsh Government's assessment of the financial and other impacts of the Bill?

N/a

What are your views on the balance between the information contained on the face of the Bill and what is left to subordinate legislation? Are the powers for Welsh Ministers to make subordinate legislation appropriate?

Should be clear that woman = adult human female and no other meaning.

Do you have any views on matters relating to the legislative competence of the Senedd including compatibility with the European Convention on Human Rights?

N/a

Do you have any views on matters related to the quality of the legislation, or to the constitutional or other implications of the Bill?

N/a

Are there any other issues that you would like to raise about the Bill and the accompanying Explanatory Memorandum or any related matters?

Women are adult human females. No one can change their sex.

Anything else?
