Ymateb gan Helen Husband | Evidence from Helen Husband

What are your views on the general principles of the Bill and the need for legislation to deliver the Welsh Government's stated policy objective (to make the Senedd a more effective legislature by ensuring it is broadly representative of the gender make-up of the population)?

I object to people being able to self identify their gender because this could disadvantage women

What are your views on the system of enforcement and potential sanctions for non-compliance proposed in the Bill?

Again self identification can be abused and significantly disadvantage women

Are there any potential barriers to the implementation of the Bill's provisions? If so, what are they, and are they adequately taken into account in the Bill and the accompanying Explanatory Memorandum and Regulatory Impact Assessment?

I disagree with this bill

Are any unintended consequences likely to arise from the Bill?

Yes, if men are allowed to self identify as women they could easily do so just to get elected

What are your views on the Welsh Government's assessment of the financial and other impacts of the Bill?

As usual the Welsh Government in its attempt to be WOKE does not think their policies through and in this instance is prejudiced against women

What are your views on the balance between the information contained on the face of the Bill and what is left to subordinate legislation? Are the powers for Welsh Ministers to make subordinate legislation appropriate?

No they are definitely not appropriate

Do you have any views on matters relating to the legislative competence of the Senedd including compatibility with the European Convention on Human Rights?

I cannot believe how incompetent the Senedd is especially regarding this Bill

Do you have any views on matters related to the quality of the legislation, or to the constitutional or other implications of the Bill?

The most serious implication of this Bill is the Senedd's collusion with men to CANCEL women

Are there any other issues that you would like to raise about the Bill and the accompanying Explanatory Memorandum or any related matters?

Anything else?

I think I have comprehensively stated my objection to this Bill
