**What are your views on the general principles of the Bill and the need for legislation to deliver the Welsh Government's stated policy objective (to make the Senedd a more effective legislature by ensuring it is broadly representative of the gender make-up of the population)?**

With out a referendum not a good idea. The people of Wales need to be heard and have a vote on this.

**What are your views on the system of enforcement and potential sanctions for non-compliance proposed in the Bill?**

From my point of view this Reform Bill will enable Welsh Labour to stay in power its not very democratic.

**Are there any potential barriers to the implementation of the Bill's provisions? If so, what are they, and are they adequately taken into account in the Bill and the accompanying Explanatory Memorandum and Regulatory Impact Assessment?**

**Are any unintended consequences likely to arise from the Bill?**

Yes it will keep Welsh Labour in power.

**What are your views on the Welsh Government's assessment of the financial and other impacts of the Bill?**

Not very good.

**What are your views on the balance between the information contained on the face of the Bill and what is left to subordinate legislation? Are the powers for Welsh Ministers to make subordinate legislation appropriate?**

**Do you have any views on matters relating to the legislative competence of the Senedd including compatibility with the European Convention on Human Rights?**

My answer is not printable.

**Do you have any views on matters related to the quality of the legislation, or to the constitutional or other implications of the Bill?**

**Are there any other issues that you would like to raise about the Bill and the accompanying Explanatory Memorandum or any related matters?**

Yes I and thousands of Welsh people would like a referendum on this bill.

**Anything else?**

The Welsh people do not like to be taken for mugs like you have with the 20mph speed limit rollout Especially ignoring their petition.
