Dear Llyr,

Thank you for your letter of 31 October requesting an update on my priorities for housing decarbonisation, in particular the status of the Decarbonisation Implementation Group and the publication of a routemap.

The foundations of our policy on the decarbonisation of housing are largely set out in the Heat Strategy, published on 15 July. Given the synergy between the proposed residential sector action plan to support the Strategy and a routemap for housing decarbonisation, we have taken the decision to publish one document early in the Spring term.

The Decarbonisation Implementation Group ended its work in April, and we are reviewing our arrangements regarding stakeholder groups. We received a proposed routemap from the Chair of the Group and have been considering its content alongside recommendations from Senedd committees, the Climate Change Committee and other key stakeholders as we finalise our routemap and action plan for the residential sector.

In the meantime, we are delivering a suite of policies to implement energy efficiency, low carbon heating and renewable energy generation to decarbonise homes in Wales. This includes financial support for decarbonisation through our grants to social landlords, our Warm Homes Nest scheme and our recently launched Green Homes Wales loan scheme, administered by Development Bank for Wales.

Yours sincerely,

Jayne Bryant AS/MS
