Jane Dodds MS,
Member of the Senedd for Mid and West Wales

30 April 2025

Dear Jane,

Thank you for your letter regarding concerns raised by a constituent about the future of the Ynyslas Visitor Centre and the wider role of Visitor Centre Wardens.

As Chair of the Climate Change, Environment, and Infrastructure Committee, I have already received correspondence on this matter. I have raised it directly with the Chair of NRW, and the response is attached for information.

While the Committee recognises the strength of feeling in the local community and the importance of visitor centres such as Ynyslas, it is important to note that the Committee is not able to intervene in the detail of operational decisions of public bodies such as NRW.

I would like to assure you that the Committee continues to take a close interest in the role and work of NRW, including in relation to access to nature and the management of key visitor sites. The Committee will shortly publish the report of its annual scrutiny of NRW, which will consider these matters in detail.

Yours sincerely,

Llyr Gruffydd MS,
Chair, Climate Change, Environment, and Infrastructure Committee
