Dear Andrew,

Poultry Catching and Handling

I am writing further to my letter of 23 June where I informed you of my intention to consent to the UK Government making regulations to provide the poultry industry, and their associated catching companies, with clarity on the legal requirements that apply to the catching of poultry during transport operations.

I have now given my consent to the UK Government to make The Welfare of Animals (Transport) (Amendment) Regulations 2025 ("the Regulations"). I have issued a Written Statement which can be found at: <https://laiddocuments.senedd.wales/ws-ld17280-en.pdf>

The Regulations amend assimilated Regulation (EC) No. 1/2005 on the protection of animals during transport and related operations to exempt chickens, and turkeys weighing 5 kg and less, from the prohibition on the lifting of animals by their legs. When chickens, and turkeys weighing 5 kg and less, are caught by the legs, they must be caught, lifted and carried by two legs (not by one leg). For turkeys weighing more than 5 kg it is prohibited to lift or carry them in an inverted position, whether by holding the legs or otherwise. The Regulations were laid before the UK Parliament, using the negative procedure, on 1 July and are scheduled to come into force on 22 July 2025.

I am copying this letter to Mike Hedges MS, Chair of the Legislation, Justice and Constitution Committee.

Yours sincerely

Huw Irranca-Davies AS/MS
