### **1. What are your views on the general principles of the Bill, and whether there is a need for legislation to deliver the stated policy intention?**

(We would be grateful if you could keep your answer to around 500 words).

My view is that any legislation or stand will put prices up, and limit involvement

### **2. What are your views on the Bill's provisions, including whether they are workable and will deliver the stated policy intention?**

(We would be grateful if you could keep your answer to around 500 words).

All they will do it put prices up and exclude some accommodations because of paperwork.

### **3. In your view, are there any potential barriers to the implementation of the Bill's provisions?**

(We would be grateful if you could keep your answer to around 500 words).

Yes, people don't actually want this and it's unnecessary

### **4. Do you feel there will be any unintended consequences arising from the Bill?**

(We would be grateful if you could keep your answer to around 500 words).

Prices will go up. Some small providers will be excluded as it will be too admin heavy to bother with.

**5. What are your views on the Welsh Government's assessment of the financial and other impacts of the Bill as set out in Part 2 of the Explanatory Memorandum?**

(We would be grateful if you could keep your answer to around 500 words).

One sided and has ignored part time casual providers.

**6. What are your views on the appropriateness of the powers in the Bill for Welsh Ministers to make subordinate legislation (as set out in Part 1: Chapter 5 of the Explanatory Memorandum)?**

(We would be grateful if you could keep your answer to around 500 words).

Rules for rules sake. We don't need more legislation or powers

**7. Are there any other issues you would like to raise about the Bill and the Explanatory Memorandum or any related matters?**

(We would be grateful if you could keep your answer to around 500 words).
