Bil Datblygu Twristiaeth a Rheoleiddio Llety Ymwelwyr (Cymru) | Development of Tourism and Regulation of Visitor Accommodation (Wales) Bill

Evidence from: Torfaen ltd

1. What are your views on the general principles of the Bill, and whether there is a need for legislation to deliver the stated policy intention?

(We would be grateful if you could keep your answer to around 500 words).

I do not know what the bill is meant to help with

It appears to be another list for the sake of having a list

Rent smart Wales is very similar

It just appears to be a list with no other purpose

You get fined if you are not on the list

But being on the list offers. No real benefit?

Waste of resources

Please focus on helping small businesses rather than providing further legislation that makes it more difficult

Accommodation for guests can range from a tent to a hotel with everything in between

This is anti-competitive

A step backwards for Wales

2. What are your views on the Bill's provisions, including whether they are workable and will deliver the stated policy intention?

(We would be grateful if you could keep your answer to around 500 words).

Literally without point

Another list for a sake of a list

3. In your view, are there any potential barriers to the implementation of the Bill's provisions?

(We would be grateful if you could keep your answer to around 500 words).

Please just wait until you're voted out

4. Do you feel there will be any unintended consequences arising from the Bill?

(We would be grateful if you could keep your answer to around 500 words).

It is an anti-competitive bill

Discouraging Welsh local businesses from diversifying to provide income

This will further hit farmers

5. What are your views on the Welsh Government's assessment of the financial and other impacts of the Bill as set out in Part 2 of the Explanatory Memorandum?

(We would be grateful if you could keep your answer to around 500 words).

I do not think the Welsh government is capable of producing anything helpful?

6. What are your views on the appropriateness of the powers in the Bill for Welsh Ministers to make subordinate legislation (as set out in Part 1: Chapter 5 of the Explanatory Memorandum)?

(We would be grateful if you could keep your answer to around 500 words).

Pointless

7. Are there any other issues you would like to raise about the Bill and the Explanatory Memorandum or any related matters?

(We would be grateful if you could keep your answer to around 500 words).

Please just focus on the real issues

1. The housing crisis
2. Raising council tax
3. Flooding

Keep this nonsense going and the electorate is going to vote you out , and you will never recover..... I'm a lifelong labour voter

Before doing anything ask yourself

Does this help the electorate?? The electorate in Wales do not overly go on holiday in Wales

The electorate in Wales tend to provide the accommodation

This is anti- electorate behaviour
