

Llyr Gruffydd MS,
Chair,
Climate Change, Environment, and Infrastructure Committee

6 January 2026

Dear Llyr,

Petition P-06-1552 Stop building industrial solar 'farms' close to residential buildings and within village boundaries

The Petitions Committee met on 8 December and considered the above petition, submitted by Cai Williams.

The Committee noted that there was ongoing consideration of the siting of solar panels and expressed sympathy with the concerns of local residents, but concluded that it was a matter to take up with the appropriate planning authorities. Members agreed the petition should be highlighted with you as the Chair of Climate Change, Environment and Infrastructure Committee.

In doing so, the Committee agreed to close the petition and thank the petitioner.

The full details of the Committee's consideration of the petition, including the correspondence and the actions agreed by the Committee can be found here: [P-06-1552 Stop building industrial solar... 'farms' close to residential buildings and within village boundaries](#)

I would be grateful if you could send any response by e-mail to the clerking team at petitions@senedd.wales.

Yours sincerely

Carolyn Thomas MS
Chair
