

P - 04 - 465 Save Welsh Milk, its infrastructure & its jobs

Petition wording:

We call upon the National Assembly for Wales to urge the Welsh Government to protect Welsh Milk Production, Processing and the Dairy Infrastructure within Wales, rather than rely on the facilities centrally managed within the greater UK, a long way from the many Welsh farms particularly in the West of the country. We are not suggesting that the Government promote one business or brand, but rather promote investment in any business processing milk in Wales, either fresh liquid milk, butter or cheese.
