

## **Government Response: The Corporate Joint Committees (Transport Functions) (Wales) Regulations 2021**

### **Mertis Scrutiny point 1: *Omission of additional subject heading***

The Government is grateful for notice of this issue. We agree that there would be merit in this instrument being categorised under the subject heading of “TRANSPORT” in addition to the subject heading “LOCAL GOVERNMENT, WALES”. If the Regulations are approved by the Senedd the additional subject heading will be included in the version to be signed by the Minister.
