SCME137 Ymateb gan: | Response from: Eileen Abako

To whom it may concern my name is Eileen Abako I am a disabled 55 year old lady. I would like to oppose this bill on the grounds that the welsh government isn't listening to the people they have already wasted millions of pounds on speed restrictions which are making life difficult for working parents, businesses etc. Instead of wasting more money on extra senedd members and additional supporting staff I believe that the money would be better spent where it is needed e.g. health service, housing and highway maintenance. All I can see happening is that under the current senedd the welsh people have seen our services cut and our council tax ect rapidly rising. People of Wales are struggling to survive looking from the outside I.e. being a mere citizen of Wales it seems to me that the senedd should be asking people to vote on whether there should be more Senedd representatives. I believe that the decisions being proposed and made by the Senedd are against our human rights to be respected, and given freedom of speech, we have a right to health yet we are told by Senedd that we will have to have more cuts to services which will probably affect our Health, Education of our young generation and our standard of living all of which are covered in the human rights Act 1998.

Yours faithfully

Mrs Eileen Abako
