SCME143 Ymateb gan: | Response from: Nevena Flatters

We don't need another 36 AM's we need the Esme's we have to work. We can't afford them we need proper roads to keep us connected to the rest of the country we don't need your blatant racism against our English neighbours. I for one am getting sick and fed up of the Welsh government's blatant control of everything. Their woke agenda sickens me I would much rather you teach my grandchildren to tell time, write in cursive, cross the road and tie a proper tie I think we should return common sense. There are 2DNA approved genders our young fragile children do not need it complicated with another 300 and something wants and desires. Rant over!!!! Time we abolished the welsh assembly and went back to central government.

Kind Regards

Nevena Flatters
