Ymateb gan Unigolyn | Evidence from Individual

What are your views on the general principles of the Bill and the need for legislation to deliver the Welsh Government's stated policy objective (to make the Senedd a more effective legislature by ensuring it is broadly representative of the gender make-up of the population)?

In response to the sentence which states (capital letters are mine):

"All candidates on a political party's list would be required to STATE EITHER WHETHER THEY ARE, OR ARE NOT, A WOMAN. "

This is an attempt to put self ID in to law and to conflate gender identity and sex. It does nothing for equal representation in the Sennedd - quite the reverse as a Sennedd could be 100% male, provided at least 50% of Members "stated" they were women.

I object to this dismantling of women's rights.

What are your views on the system of enforcement and potential sanctions for non-compliance proposed in the Bill?

Are there any potential barriers to the implementation of the Bill's provisions? If so, what are they, and are they adequately taken into account in the Bill and the accompanying Explanatory Memorandum and Regulatory Impact Assessment?

Are any unintended consequences likely to arise from the Bill?

What are your views on the Welsh Government's assessment of the financial and other impacts of the Bill?

What are your views on the balance between the information contained on the face of the Bill and what is left to subordinate legislation? Are the powers for Welsh Ministers to make subordinate legislation appropriate?

Do you have any views on matters relating to the legislative competence of the Senedd including compatibility with the European Convention on Human Rights?

Do you have any views on matters related to the quality of the legislation, or to the constitutional or other implications of the Bill?

Are there any other issues that you would like to raise about the Bill and the accompanying Explanatory Memorandum or any related matters?

Anything else?
