What are your views on the general principles of the Bill and the need for legislation to deliver the Welsh Government's stated policy objective (to make the Senedd a more effective legislature by ensuring it is broadly representative of the gender make-up of the population)?

this is a very very silly waste of time, effort and more importantly money, the best candidate for the role should always be chosen, not their gender, skin colour or anything else.

What are your views on the system of enforcement and potential sanctions for non-compliance proposed in the Bill?

it is discrimination.

Are there any potential barriers to the implementation of the Bill's provisions? If so, what are they, and are they adequately taken into account in the Bill and the accompanying Explanatory Memorandum and Regulatory Impact Assessment?

it is a waste of time. we don't pay your wages to waste time.

Are any unintended consequences likely to arise from the Bill?

more stupidity.

What are your views on the Welsh Government's assessment of the financial and other impacts of the Bill?

the Welsh government can't count.

What are your views on the balance between the information contained on the face of the Bill and what is left to subordinate legislation? Are the powers for Welsh Ministers to make subordinate legislation appropriate?

welsh government needs to stop making up stupid ideas and fix wales. you broke it.

Do you have any views on matters relating to the legislative competence of the Senedd including compatibility with the European Convention on Human Rights?

the welsh government is incompetent

Do you have any views on matters related to the quality of the legislation, or to the constitutional or other implications of the Bill?

fix 20mph you morons

Are there any other issues that you would like to raise about the Bill and the accompanying Explanatory Memorandum or any related matters?

discrimination.

Anything else?
