10 January 2025

Dear Llŷr,

I refer to my letter to you of 23 December 2024. I wish to inform the Committee I have given my consent to the Secretary of State to make the Official Controls (Plant Health) and Phytosanitary Conditions (Amendment) Regulations 2025 ('the Regulations'). I have laid a Written Statement which can be found [here](#).

The Regulations apply to Wales, England and Scotland. The Regulations are subject to the negative procedure and were laid before Parliament on 8 January 2025 with a commencement date of 30 January 2025.

Although the Welsh Government's general principle is that the law relating to devolved matters should be made by the Welsh Ministers, on this occasion, it is considered appropriate for the Regulations to be made by the Secretary of State. The Regulations relate to a devolved area, however, they impact on the biosecurity of Wales, England and Scotland which has traditionally been approached as a joint concern. Plant pests and diseases have no respect for the borders between countries. Much of the Regulations relate to the importation of plants and plant products. Most of these goods which enter Wales come through English ports. Introducing separate regulations in Wales, England and Scotland may cause an additional burden on the Animal and Plant Health Agency, business, traders and growers. Regulating on a Wales, England and Scotland basis assists those stakeholders who must comply with the requirements within the legislation to maintain our biosecurity.

There is no policy divergence between the Welsh and UK Government in this matter and the Regulations amend legislation that was not made bilingually.
