Some Members were not satisfied with the approach taken by NRW to the 2012 tender exercise and noted there was a conflict of evidence from the two sets of witnesses around this issue. The Clerks were asked to explore further with Mr Sulman what state the timber market was in and what he felt NRW could have done to widen the scope of the tender.

It was agreed that the Chair will write to the Chair of the Climate Change, Environmental and Rural Affairs Committee with issues the Committee wish to be included in that Committee's annual scrutiny of NRW in the autumn term.
