Dear Mike

Coastal Flooding and Erosion Risk Management in Wales

As you will recall, the Public Accounts Committee published its Report on Coastal Flooding and Erosion Risk Management in Wales in June. The Committee has considered the Welsh Government's response to the recommendations and has been in correspondence with the Cabinet Secretary for Environment and Rural Affairs seeking clarification on a number of points.

During the Committee meeting on 11 December, we discussed the Cabinet Secretary's response of 20 November and it was suggested that I send you a copy as your Committee may be interested in the coastal toolkit to accompany the new Strategy for Flood and Coastal Erosion Risk Management with regard to realignment.

Yours sincerely,

Nick Ramsay AM
Chair
