Governance challenges posed by indirectly provided, publicly funded services in Wales

Dear Permanent Secretary,

The Public Accounts Committee received an oral update from the Auditor General on his [Discussion Paper](#) on Governance Challenges published in February 2017 during the Committee meeting on 11 December.

Following our subsequent discussion, Members requested that I write to you seeking an update on any work that has been undertaken in taking forward the areas of work identified in the Auditor General's Discussion Paper particularly in respect of the relationship between the Welsh Government and arm's length companies.

Yours sincerely,

Nick Ramsay AM
Chair
