Dear Dai

P-05-804 We Need Welsh Government Funding for Play!!

The Petitions Committee considered the following petition for the first time on 13 March:

We call on the National Assembly for Wales to provide annual designated funding to provide financial support to all Local Authorities in fulfilling their duty in line with their Play Sufficiency Assessments in order to avoid further closure of open access play provision such as RAY Ceredigion.

At that meeting, Members agreed that I should write to you to make you aware of the petition, given your Committee's current inquiry into the physical activity of children and young people. The petitioners' further comments, available via the link below, may be of particular relevance.

Further information on the Committee's consideration of the petition, including related correspondence and agreed actions, is available on the Assembly's website:
