Commentary

These Regulations are proposed to be made by the UK Government pursuant to section 8(1) of, and paragraph 21 of Schedule 7 to the European Union (Withdrawal) Act 2018.

The Regulations amend retained direct EU legislation relating to air quality, to ensure that it continues to operate effectively following withdrawal of the United Kingdom for the European Union. This includes addressing deficiencies, such as references to EU authorities (e.g. the Commission) being replaced with domestic equivalents.

Legal Advisers make the following comments in relation to the Welsh Government's statement dated 27 November 2018 regarding the effect of these Regulations:

1. The reference within the statement to the law which is amended by the Regulations is incorrect. The Regulations amend and revoke the following retained direct EU legislation:-

2. In addition it is not clear from the statement the impact the Regulations have on the Assembly's legislative competence and/or the Welsh Minister's executive competence.

The above summary and the content of the Explanatory Memorandum to these Regulations confirm their effect and the extent to which these Regulations would enact new policy in devolved areas.

As it is unclear from the Welsh Government's statement dated 27 November 2018 the impact the Regulations may have on the Assembly's legislative competence and/or the Welsh Ministers' executive competence, Legal Advisers have been unable to assess whether any significant issues arise under paragraph 8 of the Memorandum on the European Union (Withdrawal) Bill and the Establishment of Common Frameworks in relation to these Regulations.

Legal Advisers have not identified any legal reason to seek a consent motion under Standing Order 30A.10 in relation to these Regulations.
